## 2024

### October 2024

- **Literature review:** read 20 papers
- **Fuelinex:** senescence data collection
- **Cookies:** Get trainings done for sanding
- **Cookies:** Sand all cookies
- **Cookies:** Figure out which trees were used for tree spotters and figure out the permits to get
- **Dendrometers:** Dendrometers troubleshooting
- **Master's steps:** Discuss committee members with Lizzie
- **Master's steps:** Update CGS-M and send 1st version to Lizzie
- **Master's steps:** Fill out the following form for 18 credit thesis

### November 2024

- **Literature review:** Read 30 papers
- **Cookie:** Scan all cookies
- **Cookie:** Tree ring analysis
- **Treespotters:** Request permit for coring trees
- **Master's steps:** Finish application for CGS-M and submit
- **Master's steps:** Set a time for committee meeting in the spring
- **Dendrometers:** Dendrometers troubleshooting

### December 2024

- **Literature review:** Read 40 papers
- **Treespotters:** Set a time for coring trees in Boston
- **Master's steps:** Class 1 completed: Biomathematics
- **Master's steps:** Outline the chapters in my research proposal

## 2025

### January 2025

- **Literature review:** Read 40 papers
- **Fuelinex:** Tree repotting
- **Cookie:** Tree ring analysis

### February 2025

- **Master's:** Prepare committee meeting
- **Master's:** Practice 20 minute presentation committee meeting
- **Fuelinex:** Diameter and height data collection
- **Cookie:** Results

### March 2025

- **Fuelinex:** Bud burst data collection
- **Master's steps:** First committee meeting
- **Cookie:** Results

### April 2025

- **Fuelinex:** Bud burst data collection
- **Fuelinex:** Shoot elongation data collection
- **Master's steps:** Class 2 completed: Bayesian
- **Master's steps:** Class 3 completed: Ecology climate change
- **Treespotters:** Core trees in Boston
- **Cookie spotters:** Finalize results
- **Cookie spotters:** Submit outline to Lizzie

### May 2025

- **Fuelinex:** Shoot elongation data collection
- **Cookie spotters:** Article outline revision

79 **June 2025**

- 80 • **Fuelinex:** Shoot elongation data collection
- 81 • **Cookie spotters:** Work on manuscript

82 **July 2025**

- 83 • **Fuelinex:** Shoot elongation data collection
- 84 • **Cookie spotters:** Work on manuscript

85 **August 2025**

- 86 • **Fuelinex:** Bud set data collection
- 87 • **Cookie spotters:** Finish first draft and submit to Lizzie

88 **September 2025**

- 89 • **Fuelinex:** Bud set data collection
- 90 • **Fuelinex:** Senescence data collection
- 91 • **Cookie spotters:** Edit revised draft and resubmit to Lizzie

92 **October 2025**

- 93 • **Fuelinex:** Senescence data collection
- 94 • **Fuelinex:** Harvest biomass and final diameter and height measurements
- 95 • **Cookie spotters:** Submit manuscript

96 **November 2025**

- 97 • **Fuelinex:** sample processing

98 **December 2025**

- 99 • **Master's steps:** Class 4 completed: TBD
- 100 • **Fuelinex:** sample processing

## 2026

### January 2026

- **Fuelinex:** Results
- **Fuelinex:** Outline submission to Lizzie

### February 2026

- **Fuelinex:** Manuscript submission to Lizzie

### March 2026

- **Fuelinex:** Edits manuscript and resubmit to Lizzie
- **Master's steps:** Edits thesis and resubmit to Lizzie

### April 2026

- **Fuelinex:** Edits manuscript and resubmit to Lizzie
- **Master's steps:** Edits thesis and resubmit to Lizzie
- **Fuelinex:** Thesis defense

### May 2026

- **Fuelinex:** Final version of manuscript
- **Master's steps:** Edits thesis and resubmit to Lizzie

### June 2026

- **Master's steps:** Thesis final submission
