

1 CGS-M Proposal

1.1 A- Scientific Rationale

This paragraph will be a test to test my bib tex. This text can be removed.

1.2 B- Immediate Objective

Immediate objective of the proposal: state what is actually going to be observed and what shall be extracted from the observations, so that the feasibility becomes clear. This text can be removed¹

1.3 References

The references can use a smaller font (eg 8pt, or footnotesize). What follows is an example, not a strict guideline. A suitable format can be generated by ADS using the following custom format:

```
%z0%3i (%Y) "%\T", %\q, %\V, %\p
```
